Ramon,

We only installed boulders in the medians on Potrero Ave. between 19th St. and 25th St.

See attached for the Southern limit, boulders installed marked in red.

Best regards,

Trent Tieger, P.E.

Hi David,
I took over this project near the end. Perhaps Cristina or Tent might have the answer to your question.

Thanks,
Ramon

Tony, Jennifer - Those boulders are not part of the upcoming Hairball project. I believe they were installed by our Operations or perhaps added to the Potrero project as they look like the same boulders that are in the median on Potrero.

Ramon – Were any boulders added to the Potrero project to be placed under the freeway onramps at the Hairball?

Thanks,
David

David-

FYI. When is the hairball being installed?

Media inquiry below.

Hi Tony,

John Thomas suggested I reach out to you:

I have a deadline media query regarding the boulders installed under overpass at Cesar Chavez and Potrero.

Can you help answer a few questions, including status (are there more coming?), cost and design?

Thanks,

Jennifer Blot
